

# SciENCv: Link to External Accounts

## SciENCv (Science Experts Network Curriculum Vitae)

SciENCv can pull information from your linked accounts to reduce administrative burden in re-entering information.

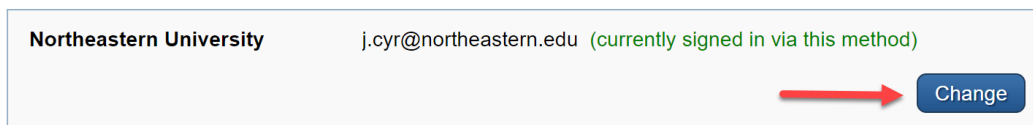

### Linking Your Accounts to SciENCv

Select your **username** in the upper right corner of the menu bar and open **Account Settings**

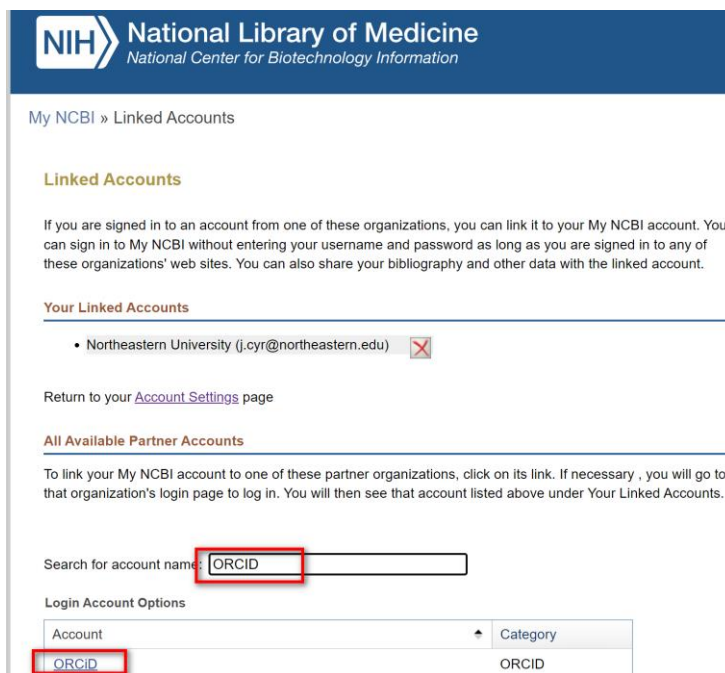

In the “Linked Accounts” section, select “change”

**Linked accounts** *You can sign in via these 3rd-parties. Contact the 3rd party for sign-in related issues.*

**Search** for the account name you’d like to link and then **follow the instructions** for authentication.

# SciENCv: Link to External Accounts

The screenshot shows an ORCID authorization interface. At the top left is the ORCID logo. To its right is the URL <https://orcid.org/0000-0003-4169-9850>. Below the URL is the text "(Not You) ?". The main heading is "National Center for Biotechnology Information ?" followed by the text "has asked for the following access to your ORCID Record". Below this is a green eye icon. The text "Read your information with visibility set to Trusted Parties" is displayed. A horizontal line separates this from the next section, which states: "This application will not be able to see your ORCID password or any other information in your ORCID record with visibility set to Only me. You can manage permission granted to this and other Trusted Organizations in your account settings." At the bottom of the screenshot are two buttons: a blue "Authorize" button and a grey "Deny" button.

You may see messages from your linked accounts asking for authorization to connect.
